A1	Affin artist Reggy van Oers is working on his very own sound since a while. Pristine is his third 12' in this series, after Evasive and TRC. Techno with sensors for details and a special kind of deepness. The remixes from Claudio PRC and Deepbass underline this attitude in a congenial way

A1	"Background noise is a form of noise pollution or interference. Background noise is an important concept in setting noise regulations" The fruit of B4CK6ROUNDNO1SE has ripened despite the fact the tree is in a demotivating country without sunshine in a fucking closed garden. The tree has been sprayed by a lot of jealous and hostile arseholes but its roots are strong. Let this record and the whole self-made label motivation to all those, as well, always searching for excuses

	<p>FIGURE066</p>		<p>12"</p>
<p>A1 A2 A3 A4 B1 B2 B3</p>	<p>TECHNO</p> <p>GER</p> <p>Longtime Figure main-player Markus Suckut continues his artistic development with this killer seven track, wide-reaching EP. Based on the concept of providing rich ambient textures for the start of the night or DJ set, and then heavy, minimalist techno tracks to satisfy driving, percussive club needs. Suckut gives us another masterclass in his art. Alongside the dense textures of for start #1-3 and their varying moods - from echoing steam-filled passages to off-world strings reaching for the skies - we are also treated to four heavyweight DJ tools stamped with Markus trademark elegant sound</p>

<p>A1 A2 B1 B2</p>	<p>DEEP HOUSE / MINIMAL</p> <p>RE-STOCK</p> <p>GER</p> <p>With his previous releases on Nervous, Hotfingers and Frequenza, Angel Stoxx is on our map since a long time. He brings us two House Party slammers par excellence. The perfect mood for our summer vibes. As a remixer we could win our favourite clown from Brighton: Enzo Siffredi who brings us a deeper version of Hoola High with a lovely bassline. The second remix comes from Deep Bros &amp; Monodeluxe. They strip down the original to the main elements, add a nice guitar and create a sexy house track. Get your cocktails and put on your sunglasses</p>		
	<p>KENO</p>	<p><b>ENZO SIFFREDI / ANGEL STOXX - IRIS BLONDE / THE BOT</b></p>	<p><b>9.90 €</b></p>

<p>A1 A2 B1 B2</p>	<p>HOUSE / TECH-HOUSE</p> <p>RE-STOCK</p> <p>GER</p> <p>This is Keno 026 and Keno 027 on one vinyl. This means Athens and Brighton team up with 4 very well produced Tech House smashers. Iris Blonde with the fattest bassline and the Bot with the nicest breakdown are the standout tracks on this release. Very strong package</p>

<p>A1 A2 B1</p>	<p>HOUSE / TECH-HOUSE</p> <p>RE-STOCK</p> <p>GER</p> <p>Scandalous! Daniel Steinberg cheats on his own label imprint Arms And Legs and gets down for a wild romance with Kittball Records. The result: 3 bastard babies that will turn the world's dance floors upside down. Green Cash is a swingy groove monster with a super cool vocal on top of the dusty piano. For Give Me is full of Disco-epicness and gets hammered by the Kittball crew for weeks now. Serious hit alert :- ) Finally we have Man At Work! A wild techy bouncer - Like onyl Steini can do!</p>		

	KITTBALL	<b>ANTE PERRY - FREAKS EP (FEAT. MAXIM LANY, DIRTY DOERING, JULIET SIKORA &amp; SHIMMER)</b>	<b>7.30 €</b> 
	KITTO67		12"
	DEEP HOUSE	RE-STOCK	GER
A1	Hailing from Dortmund, Ante Perry has fast become one of his country's most consistent assets within electronic music. Not only responsible for apeoffice, the agency known for throwing reputable events across Germany, but the producer has repeatedly collaborated with the likes of Tube & Berger and Kolombo and also seen releases on labels including Systematic, Kitball, Great Stuff Recordings as well as his very own Be An Ape imprint. This release sees Ante Perry team up with a host of names in his very own studio in Dortmund. First up Belgian artist Maxim Lany is the first to accompany him in a deeply warm number named 'Honigmitmais', a track possessing a sullen resonating sub-bass and romantic piano stabs with male vocal coos scattered throughout. 'XTC1' with German artist Dirty Doering then shifts the mood, dominated by a low-end unmistakably Perry with the addition of pitched down vocals and eerie atmospheric make for a trippier track altogether

	KITTO75_078		12"
	DEEP HOUSE / TECH-HOUSE	RE-STOCK	GER
A1	KITTO75: Since being propelled into the limelight many years ago by none other than Steve Angello, Italian duo Veerus & Maxie Devine have showed no signs of resting on their laurels. KITTO78: At such an early point in his career fast-rising artist Steve Hope is making waves as one of Austrias freshest and most exciting exports. Having performed alongside the likes of Chris Liebing, Fatboy Slim, Nastia, and Sven Vath the fresh-faced newcomer has quickly earned a reputation as a first class performer, and his bourgeoning talents in the studio are not going unnoticed either with his latest release snapped up by Kitball Records. Leaving initiates with spectral chimes before heartfelt breakdowns make way for a fuzzy bassline, meanwhile poignant backing synths resound in the background adding an element of euphoria. In comparison Teenage Mutants provide a seductive reworking that demonstrates plenty of thump, rounding off the fundamentals of Hopes whilst generating some serious depth from the Suara favourite
