	BASS AGENDA	CARL FINLOW / DEZ WILLIAMS - UNTITLED	10.60 € 
	BA044V		12"
	ELECTRO		RE-STOCK
A1	BA044v brings you two of the UK's finest Electronic music producers and live acts, each taking a side of vinyl each and showing why they've earned high levels of respect from listeners, DJs and fellow artists alike. On Side A Carl Finlow offers up two tracks of his trademark high standard. In both cases he artfully blends the ingredients that have earned him the respect of listeners and fellow producers alike: intelligence, a strong groove, futuristic elements and that Finlow factor that you can't quite put your finger on but just makes his material rise to the top. Bleem is machine funk at its best, instantly infectious, hypnotic and speaking equally well to your body and mind. It builds subtly and each layer just adds to the pleasure a real escape through sound affair. Chemical Bonds follows suit with another carefully concocted machine groove, accented by distorted riffs and a constant reminder from the vocal to Don't stop midway through the track you are somehow suspended on the plateau Finlow has raised you to, as a dystopian sci-fi atmosphere swirls around and engulfing you

EDIT SELECT	EDIT SELECT - THE VISITOR / FALLEN / AFTEREFFECT / YOU	10.60 €
EDITSELECT30		12"
TECHNO		GBR

A1	Glaswegian Techno stalwart "Edit Select" presents the thirtieth effort in his Edit Select Records series. "Aftereffekts" is a 4 track release that opens with the thumping "The Visitor", this track combines puzzling percussive movements with otherworldly pads which subtly build to a hypnotic climax. "Fallen" is a broad sounding cut with an almost orchestral touch to it. The uncanny drum patterns and repetitive FX make for a solid voyage. Aftereffect is a percussion laden cut with soul touching strings that float throughout. "You" is a melancholic piece of art that incorporates heavenly pads with beautifully orchestrated Rhodes sounds and a hypnotic drumtrack.

FALLING ETHICS	TENSAL / P.E.A.R.L. - POWER OF LUST	10.50 €
FEX012		12"
TECHNO / AMBIENT		ESP

A1	The 12th installment in the Falling Ethics series is an adventurous piece of work. Tensal and P.E.A.R.L. team up on this split EP to showcase their production styles which are mainly built around crafty drum loops and buoyant synth experiments. Tensal takes care of the A-side where he takes care of one flaming Techno cut for the dancefloor which is followed up by two adventurous pieces of electronica. P.E.A.R.L. also took care of three cuts on the B-side. The opening track "Joy Of Rapture" is a straight forward demonstration of machine heavy Techno. "Fall Before You" is a deep and soul wrenching cut that showcases P.E.A.R.L.'s more delicate side. Red Flame is a piece of horror reminiscent ambient

FRONT LEFT	ELAD MAGDASI - FRONT LEFT # 1 (MATRIXMAN RMX)	10.20 €
FLR01		12"
TECHNO / ACID		DEU

A1	Front Left represents a very special corner in a very special spot on this planet. Every week the front left people gather together to celebrate techno music. In the first release, you will find Elad Magdasi, a heavy dancer and an emotional producer. His productions are wide-ranged and loaded with a true rave spirit. Finger Trip is the first track on the record. This trippy-magical tune was played (by surprise) in a very huge party, leaving Elad forever shocked and therefore releasing this EP. With a heavy beat, groovy percussion and a "follow the white rabbit" melody - this one is a dancefloor banger. Following up is the Finger Trip Remix by Matrixman - a massive bomb dropping from above leaving no survivors. Leading with a dark synth that will chase you in your dreams, The B side opens with No Ego, the melodic side of Elad. Soft, moody pads with a Detroit feeling and an acidic bassline that carries the whole track. The last track is Ah Seed, a full-on acid madness. Dry beats with rolling percussion and an in-your-face attitude. A brain-looper / crowd smasher

WARM UP	ALDERAAN - RETINA EP (OSCAR MULERO RMX)	10.10 € 
WU049		12"
TECHNO		ESP

A1	A new talent is added to our roster, this time the argentinian Alderaan, after several releases in labels such as Animal farm, Mindtrip, Planet Rhythm and our very own Aine. He offers five slices of modern techno, heavy percussive based but with a lot of intelligent elements inside. First cut is Ancient Particles, multiple drum layers, heavy reverberation and obsessive sequences as sound palette. Parallax follows in the same style but adding more drone action and bell like lines in a clever arrangement. Oscar Mulero remixes Retina getting rid of the textures and focusing in rhythm and repetition in a minimalistic remake. Refina is a cosmic exercise, with galactic resonant bleeps, atmospheres and ambient components in a dreamy structure. No quarter returns to percussive territories, again with drones and atmospheres floating over the beat in an hypnotic travel thru deepness. Timeless techno for the mind and for the body, soul as a weapon
