\*\*\* 2019 REPRESS \*\*\* New recordlabel started by Analogical Force, the Madrid-based underground nightclub focussing on spreading serious electronic music with attitude and without corsets, from experimental to acid and techno. AF debuts on wax with the 'Periscope ep' by the Rephlex affiliated duo D'Arcangelo, including a remix by the Dub records affiliated Dutch artist Kettel. Five years have passed since the brothers issued 'Cradle and go' on 030303 Records. Since then and since closing Rephlex many have been looking forward to new stuff in the genre. With the 'Periscope ep' Fabrizio and Marco are stepping forward in their creative process and diving deeper into their sound: avant rhythms, emotive idm, distinct acid flashes plus a surprising array of misty landscapes leading to an engaging myriad of expressive images and shapes. Limited to 300 hand numbered copies

\*\*\* 2019 \*\*\* REPRESS!! Madrid's Analogical Force continues its run and are proud to present 'Welkin EP', second in the catalogue and first from Niagara Falls, NY-based Reid Dunn (well known as WISP) under his mysterious DWAALLICHT alias. Many -like us- have been looking forward long time for this stuff, now the wait is over. Just when the 10th anniversary of the still acclaimed 'NRTHNR' album on now-defunct Sublight label, and six years after 'We Miss You' and 'The Shimmering Hour' on the Rephlex camp, the Aphex Twin-approved producer is back exploring spectral acidish territories, intricate drum patterns with thick synths, nervous breaks and rhythms, nostalgic rising-falling melodies...waving this elements to his will. It seems that Reid has deemed the time right to do what he does best. A record so immune to contemporary styles and aesthetics are almost by definition timeless, and it's tempting to call 'Welkin EP' that. Dwaallicht doesn't hide his influences; AFX, Squarepusher and Mike Paradinas are obvious reference points, but add Tangerine Dream, Phuture 303 or Mr Fingers to the mix and you'll get a sense of the scope of Reid's personal vision

The story behind AF023 is pretty simple: the infamous Brainwaltzera has put me on the track of this guy from Brighton, whose stuff I felt fascinated with. The result is -Ubal EP, Mause's debut. Ball's on your roof now! I wouldn't miss it if i were you.' Pervert

From Fabrik Madrid to Exchange Los Angeles from Stereo Montreal to AIM, EMF, from Movement Festival to Dockyard to 18Hrs Festival or ADE... Jay is traveling all around the world to spread his sound to the biggest and best dance floors on a weekly basis. Nonetheless Jay still keeps his DJ and producer efforts in excellent balance. SPAZIO DISPONIBILE	DONATO DOZZY - VARIATIONS (with ANNA CARAGNANO)	13.40 € 
SPAZIO017		12"
TECHNO / DEEP-TECHNO / TECH-DUB		ITA

A1	Donato Dozzy is back on Spazio Disponibile with two special dance floor (re)works. The long awaited rework of "Parola" comes first. Previously released on Spectrum Spools back in 2015 on his collaborative album with Anna Caragnano, he spices things up here with the hypnotic vocal loops mangled into trippy and psychedelic patterns with supple, rolling drums taking you deep down into the rabbit hole. On the flip, '12H.5' is a rework taken from the soon to be released Donato Dozzy album on Lorenzo Senni's Prestol? Records. It shows the more melodic and dreamy side of Donato, less dark and more transcendental but just as seductive for your mind. A seven minute long trancy trip, floating towards paradise
