<p>A1</p> <p>A2</p> <p>B1</p> <p>B2</p>	<p>Droid Recordings has always focused on presenting domestic talent. The latest EP's contributors are no exception. Kyle Geiger of Drumcode fame teams up with longtime collaborator and friend Bobby Dowell. They both reside in the techno's simmering hotbed, the American Midwest. They are among North America's chosen few still representing techno in the place where they were raised and influenced rather than adding themselves to the over-saturated European scene. Both their world travels and a deep connection to the place they call home inform their latest offering, TIGERWALL, a track inspired by Detroit Music Festival delirium. Geiger and Dowell combine their approach to sequencing and sound design to produce a unique techno cut with slight hints of psychedelia and funk reminiscent of Tronic releases. The flawless percussion and droning synth work build for a perfect 7 minute tension case. By the end of the track crowds will have transcended beyond normal dance-floor territory. Material Object, who has already appeared on Droid remix duties to stellar reviews, turns in a clanging rendition of the original</p>

Con un sonido abrumador confeccionado por el productor Carlos Creator, es este nuevo trabajo un disco blindado, tóxico y virulento, sin grietas, claustrofóbico pero liberador. Doce canciones como bombas que dibujan un paisaje de riffs asesinos y estribillos como balas, es un disco de verdad, directo, una biblia punk rockera escrita entre droga y sudor, entre micros y cuerdas, sin filtros, sin cortes</p>	<p>EH</p>

INFINE	AGORIA feat. KID A - HEART BEATING REMIXES (SYLVAIN CHAUVEAU, ARGY, JOHN ROBERTS & FRACTION RMXS)	9.30 €
IF2031		12"
HOUSE / DEEP-HOUSE / MODERN-CLASSICAL	RE-STOCK	FRA
What a Grand Opening on the A-side! With album releases on Fat Cat, Type, SYLVAIN CHAUVEAU is among the forward-thinking producers with a classical background, who are re-inventing Chamber Music with up-to-date technologies. Wrapping up Kid A voice with strings arrangements, his beatless remix stirs the emotional elements of the original and reminds the listeners, that the heart is a sensible to be handle with care. Originally from Greece, Argy Theofilis aka ARGY has made a reputation for himself with highly percussive productions for Poker Flat and Cocoon. Universally crafted for the clubbers, his "Tension mix" instinctively raises your blood pressure, pumps your heart up and condemns your legs to unstoppable footworks. This one is for the floors! JOHN ROBERTS has released last year with "Glass Eight" on Dial, one our favourite albums of 2010. Extracting a loop of violins and the vocal whispers of Kid A from the original, he delivers with his remix a modern House jewel, particlaurly tailored for after-party times. Speechless indeed

A1	<p>Joris Voorn & Edwin Oosterwal's 'Green' imprint is probably best known for its modern classics 'Blank' and 'MPX309'. Now they return with the label's sixth release: Dosem's 'Beach Kisses'. Girona, Spain is the birth place of Marc Dosem. Mesmerized by the electronic dance sound of the 90's, it was the composition of the music that really took his heart. Having cut his teeth on early music software, 2006 saw Marc first perform as a live act under the name 'Dosem'. Performances in Spain's finest venues followed. 2007 and 2008 have seen releases on labels including Natura Sonoris, Paradigm, Minisketch, 4Line, Cutz and more. And in 2009 Dosem released the excellent "Silent Drop" EP on Sino. The first release of the original 'Beach Kisses' on the 'Neue Larmklassiker' label was in 2008. Heavily supported by a wide range of DJ's, it was picked and edited by Joris Voorn to feature on his excellent 'Balance' compilation. With Voorn being such a huge fan of the track, it made sense for him to pick it up for 'Green'. So today, we bring 'Beach Kisses' the Joris Voorn Edit. Powerful synth's are the order of the day on this euphoric masterpiece</p>

	OSTGUT TON	PLANETARY ASSAULT SYSTEMS - PLANTAE	25.30 € 
	OTON123		2LP
	TECHNO		DEU
A1	As Planetary Assault Systems, Luke Slater is an innovator of psychedelic mindfuck techno. Across a lengthy catalogue that stretches back into the 90s, the music's bleepy, polyrhythmic loops are as recognizable as they are genre-defining. Plantae is Slater's first release as PAS on Ostgut Ton since Arc Angel (2016) and covers the spectrum of PAS's different strains while remaining grounded in Slater's uncanny funk and knack for developing oblique melodies and rhythms over longer stretches. Deepness and hypnosis come as much through duration as sound design. For Slater, Plantae is made for Berghain, where he is a long-standing resident. In his own words: "I'm sure it's no surprise that when it comes to putting together a release on Ostgut Ton, PAS takes on its more mind-altering, otherworldly quality by natural cause, quietly reflecting the dark sweaty nights and days at the club; at the point, the common neural coupling, of us all together. PAS has been part of Berghain and Berghain part of PAS for a long time. All of these tracks needed to pass the Berghain test in my sets first stop."
